SKILLS

Javascript, React, SQL, Node.js, Express, API Creation/ Implementation, HTML, CSS

PROJECTS

Portfolio Website

Ideated, scoped and executed responsive website.

- Optimized within recommended inclusive design specifications using JavaScript functions and DOM.
- Utilized JavaScript to implement some of the features like; back to the top of page button, submission on a form, read more button that expands the section of text and contracts the text once the button is clicked.

Emoji Story App

An events

- Utilized HTML, CSS, and JavaScript to create the app
- The app gives the user the ability to choose the amount of emojis to create their story. Using the amount of emojis presented, the user is able to input a description of what stories they wanted the emojis to tell.
- For user experience there is a section that logs the previous stories created.

EXPERIENCE

Accenture

New York City, NY

Application Development Associate

November 2020 - Present

- Managing competing and overlapping assignments, prioritizing based on urgency and remaining flexible as demands evolved.
- Resolving system test and validation problems to provide normal program functioning.
